What You Need to Succeed as an Online Student

Successful completion of online courses requires current technology. You will need access to a computer with required hardware and software. It will also be necessary to use a browser such as Google Chrome, Firefox, Safari, Microsoft Edge, or Internet Explorer. Microsoft is no longer supporting Internet Explorer 8 or below. We strongly recommend a high-speed broadband connection such as DSL or cable. Some courses with audio, video, or graphic components may not load properly if you are using a slower Internet connection.

Go to go.chemeketa.edu/elearnstartguide to view the Chemeketa Online eLearn Start Guide for a technical orientation, information outlining minimum requirements, and a tour of an online course.

You are responsible for your own software and equipment maintenance and setup. Some classes have required labs on campus. Confirm which online courses have labs/recitations on campus versus labs done at home or 100% online.

For general questions send e-mail to: online@chemeketa.edu, Monday-Friday, 8am-5pm Pacific Time or call 503.399.7873.

Technical Support is available 24/7 by calling 503.399.7399, option 1.

No-Show/Drop

To better serve our students, Chemeketa Community College has a No-Show Drop policy based on class attendance during the first week of the term.

What does Chemeketa's No-Show Drop policy mean for online students?

- You must participate in your online classes by Wednesday of the first week of the term or the college may drop you from the class.
- Online and face-to-face classes begin on the same day.

What if you cannot participate in your online class by Wednesday of the first week?

If you cannot participate in your online class before this time, you **must** contact your instructor. If you do not contact your instructor, you may be dropped.

How will you know if you have been dropped?

If you are dropped, you will be notified through your Chemeketa e-mail account.

Note: Being dropped from a class may affect your eligibility for tuition assistance if you are a veteran, receive financial aid, or are sponsored by an agency.

Tuition & Fees

Detailed information about tuition/fees can be found at: www.chemeketa.edu/earncertdegree/tuition/

All online courses have a \$50 fee. Some sections may have additional course fees. Some classes have fees for materials or lab use. All fees for a class will appear totaled together in the 'Tui + Fee' column of the schedule. Tuition and fees are due when you register. If payment is not received within 10 business days of registration, you will be assessed a \$25 late fee. To see multiple payment options go to: www.chemeketa.edu/earncertdegree/tuition/paying/

eLearn Start Guide

Go to the eLearn Start Guide on the Chemeketa Online Website at <http://online.chemeketa.edu/startguide>. Prepare yourself to take an online course, and see an example online class environment complete with syllabus and assignments.

Testing Services

Some online classes require proctored tests. It is the responsibility of the student to locate an approved proctor. Carefully read your instructor's syllabus for the approval process, locations, and deadlines.

Another option is using ProctorU. This also has to be arranged with the instructor at least one month before the exam (or see course syllabus). A cost is associated with this service. Students will need a desktop or laptop computer (no iPads, iPhones, tablets, etc.) with a Webcam, speakers, and a microphone.

Placement Test

Online students: go to www.act.org/content/act/en/register.html or call 1.800.645.1992 to find a testing site near you.

If a lab is paired with a course, you must enroll in both the course and the lab. A lab that is paired with an online course may or may not be online. Please read the notes section of the course listing.
